

Up-to-date
assessment portfolios
should always be
accessible to parents.

Does each child's portfolio tell an interesting, personal story about his doodle days? Each child's portfolio must include:

- At least 1 photo per month, with indicator label attached
- Meaningful, interesting work samples, with indicator labels attached
- Up--to-date assessment checklists (both sides!)
- Personal goals, with follow up noted

Please store all checklists in portfolios only (not on clipboards or elsewhere) so the most up-to-date info is always available to parents. Families understand that assessment is work in progress.

OCFS Regulation 418-1.15 (15) Parents must be given the opportunity to discuss issues related to their children and the care of their children with an appropriate staff member or members.

MSA High Quality Indicator 11.2 (C) Assessments are used to monitor children's progress, and that progress is shared with families.

Children's Centers

Another **Doodle Difference.** Excellence is in the details!
